COIM acquires Notedome Limited and strengthens its international presence in polyurethane systems

November 18, 2025 - **COIM SPA**, a multinational company developing and manufacturing specialty chemicals since 1962, announces the completion of the acquisition of **Notedome Limited**, a company specializing in the elastomer sector, previously controlled by Manali Petrochemicals Ltd. (MPL).

The total value of the acquisition is **21.17 million pounds** (approximately 247 crore Indian rupees), following receipt of all required regulatory approvals pursuant to the share purchase agreement signed on October 20, 2025.

With this strategic acquisition, C.O.I.M. consolidates its international presence in the polyurethane systems sector and further expands its production capacity and technological expertise in strategic European markets.

"This acquisition marks an important step in COIM's international growth strategy, strengthening our presence in the polyurethane systems sector and expanding our technological and manufacturing capabilities in Europe. Notedome's experience and solid reputation in cast elastomers perfectly complement our portfolio and the culture of innovation that has always characterized COIM," said **Giuseppe Librandi, CEO of C.O.I.M. S.p.A.**

C.O.I.M. S.p.A. It was founded in 1962 from the meeting between Mario Buzzella and Cesare Zocchi, two individuals united by a passion for chemistry and entrepreneurial spirit. They started a business aimed at meeting the growing demand for chemical products generated by a rapidly expanding economy.

After 62 years, the COIM Group is an Italian multinational that develops, produces, and markets specialty chemicals worldwide for the manufacturing industry, ensuring local presence through 19 companies - of which 9 are specialized production and R&D sites - in Italy, Singapore, India, the USA, Brazil, Spain, Austria, and the Netherlands. Over 1,350 specialized employees are dedicated daily to understanding and meeting customer expectations with three main product families:
